Agenda

1. Purpose of Funding
2. Overview of Eligibility
3. Available Funding SFY26/SFY27
4. Applicant Review / GMU FHN FRC Funding Recommendations
5. Conclusion / Committee Questions

Purpose of Funding

FRCs offer referral services and case management to any at-risk individual or family seeking services in the community; programs to assist senior citizens; education on parenting and/or childcare services; programs teaching skills for employment and self-sufficiency; transportation services; or any other services needed within the communities that the FRC serves.

FRCs can use the funding to create new programs, expand current services, and to collaborate with other agencies, schools, faith-based organizations, and government agencies to assist families in obtaining needed services.

Eligibility Criteria

Any eligible non-profit or public organization that currently offers services as a State of Nevada FRC; or any non-profit or public organization that is eligible to offer services as a Nevada FRC. The overall family-driven approach should follow the program requirements as outlined on page 3 of this Notice of Funding Opportunity, published on the GMU website.

Available Funding SFY26/27

The Nevada Department of Health and Human Services (DHHS) is responsible for administering the Fund for a Healthy Nevada (FHN), a source of state revenue which is funded through tobacco settlement monies received or recovered by the State of Nevada. The DHHS Grants Management Unit (GMU) uses the FHN funds to support Family Resource Centers (FRC) throughout the State of Nevada.

Tobacco Settlement Funds have decreased resulting in reduced revenue from the Fund for Healthy Nevada. This has caused a 12.77% reduction in funding in Year 1 and 12.52% reduction in Year 2. For this funding, we received 21 applications in total.

SFY	NOFO Estimated Dollar Amount Available	Approved Funding Amount After Reduction	Total Dollar Amount Requested	Total Dollar Amount Awarded
2026	\$1,705,000	\$1,487,300	\$3,252,682	\$1,187,300
2027	\$1,705,000	\$1,491,460	\$3,252,682	\$1,191,460

- Anticipated yearly cost of FRC data and reporting system management and maintenance is \$300,000 and is paid from this funding.
