Intervention Services**  
ADSD NEVADA

## About Us

Empowering Nevadans of all ages means starting with the youngest among us, such as infants and toddlers. The Nevada Aging and Disability Services Division is your gateway to a wide array of programs that offer support, including Nevada Early Intervention Services. We provide assistance at no cost to families for children under 3 years old with disabilities or developmental delays, giving them access to resources that help them grow, learn, and thrive.

### Some of the services we connect children and their families to are:

- Service coordination
- Specialized instruction
- Audiology
- Therapy (occupational, physical, and speech)
- Nutrition
- Diagnostics

## Who and How We Help

Nevada Early Intervention Services connects families with children under age 3 who meet eligibility requirements to essential services.

We offer personalized support in home and community settings. With our staff, families create Individualized Family Service Plans tailored to their needs and goals.
